

PIX

Design exactly where you need it

The stylish PIX range is a collection of sophisticated, round socket outlet and connector units that can be used in many different ways. On a desk in the office, in the kitchen, in the bathroom, as a lounge element, in the wall or other living room scenarios, PIX provides a huge range of customisable connections.

Used alone or in combination, the decorative rings are available in various colours and can be interchanged. An ingenious, swivel-mounted cover, providing protection from dust and dirt, is available as an option for PIX and can also be retrofitted. The compact form (H x Ø: approx. 50 x 68 mm) and low installation depth (approx. 45 mm) ensure a space-saving installation from above or the front. Retrofitting is also possible.

With its round, flat shape and minimalist appearance, the PIX meets design requirements exactly where you need it.

The benefits at a glance

- Customisable range of connections
- Can be integrated on its own or in combination
- Interchangeable, coloured decorative rings
- With swivel-mounted cover as an option
- Low installation depth (approx. 45 mm)
- Simple mounting from above, retrofitting possible too
