

CasaTunes® DTA-1 Amplifier

Delivering great sound from a small package, the super efficient CasaTunes® DTA-1 single room amplifier is designed to work perfectly with the easy-to-use, multi-room music systems from CasaTunes. With our CasaTunes 2-Channel Amplifier, every song will strike the perfect chord – each and every time.

Enjoy the benefits of versatility.

Perfect for adding wired rooms to the CT-3 or CT-2i, just add one amplifier per room. If you have the CT-8, you can use the DTA-1 to add a 7th or 8th amplified room.

The amplifier's small size allows it to fit in almost anywhere. The DTA-1's digital design means that it creates low heat, even with hot music!

Realize a great audio experience.

The CasaTunes Single Room Amplifier provides:

- Left and right digitally amplified stereo channels
- Highly efficient Class T proprietary design
- 88% efficient, minimizes wasted power
- Universal power supply for use with 115/230VAC 50/60Hz
