

Flat panel ceiling lifts

FPLC V3 series

FPLC V3 series of flat panel ceiling lift mechanisms is characterized by excellent utility and stability providing solutions to every situation!

FPLC V3 series of lifts includes models that when in closed position, the flat panel faces up towards the ceiling and models that when in closed position, the flat panel faces down towards the floor

Technical details

Model	FPLC V3-700U*	FPLC V3-700D*	FPLC V3-800U*	FPLC V3-800D*
Maximum flat panel dimensions (WxHxD)	≤ 960x680x115mm	≤ 960x680x115mm	≤ 1310x790x145mm	≤ 1310x765x100mm
Maximum load (flat panel+ceiling cover)	35kg		45kg	
Lift dimensions (WxHxD)	1230x270x1002mm	1230x270x1002mm	1615x275x1100mm	1615x275x1100mm
Maximum swiveling angle	95degrees	90degrees	95degrees	90degrees
Lift weight	~63kg		~75kg	
Vertical linear motion up to	700mm		800mm	
Mounting flat panel hole pattern up to	800x400mm		825x600mm	
Cable management system	✓			
Standard color of metallic parts	RAL 9005 black & RAL 9016 white			
Power supply	wire control at 230VAC-50Hz			
Optional controls	RF & IR remote control, low voltage contacts			

U*: flat panel facing Up
D*: flat panel facing Down
