

UV862-EUK

86" UltraView™ UHD Outdoor TV

The UltraView™ UHD Outdoor TV is an all-season solution for outdoor entertainment and living. This outdoor TV is all weather rated and has an operating temperature range of -30°C to 50°C. Providing 4K resolution, with a brightness that is 3x the average of indoor TVs, the UV862-EUK provides an exceptional viewing experience for outdoor entertainment. The TV is also equipped with a High TNI panel, which allows for direct sunlight readability without the risk of isotropic blackout. Whether it's an outdoor sports bar, throughout a stadium concourse, or in your backyard, quality outdoor entertainment is now a reality with UltraView.

All Weather Rated

Operating Temperature Range:
-30°C to 50°C
(-22°F to 122°F)

4K ULTRA HD™

- Operating temperature range of -30°C to 50°C
- High TNI panel allows for direct sunlight readability without the risk of isotropic blackout
- IPS panel allows for accurate colour representation when viewing off axis
- High brightness (900cd/m2) combats high ambient lighting conditions
- USB media support allows still images, video and audio to be played from an attached USB flash drive
- IR extender input and IR repeater output provides flexibility for integration with control systems
- Supports HDMI 2.0 and HDCP 2.2 for increased compatibility with 4K sources
- Waterproof universal remote can control up to 3 additional devices
- Internal speakers provide excellent sound without detracting from the TV's aesthetics

■ AMBIENT LIGHT SENSOR

Automatically adjusts brightness to best match the lighting conditions, which optimises the display's power consumption and enhances the viewing experience (optional ALS extender accessory available)

■ RUGGED EXTERIOR

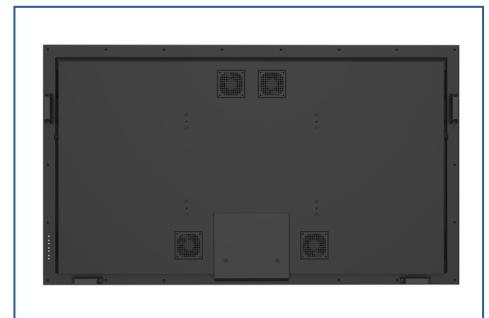

Aluminium construction materials provide the ultimate defense against weather and discoloration

■ IPS PANEL

Provides exceptional picture quality from any angle

Waterproof Universal Remote

Sealed cable entry helps prevent water and debris from getting inside
