**Variations:** Choose article number for a 2x2, 3x3 or 4x4 size video wall.

**Minimum VESA:** 200 x 200

**Maximum VESA:** 800 x 400

**Maximum/minimum display width:** The maximum width of the display depends on the VESA hole pattern. Contact [info@smartmediasolutions.se](mailto:info@smartmediasolutions.se) for more information.

**Security:** The displays can be locked with a screw (included) or a padlock (not included) to increase public safety and security from theft.

**Adjustment:** Fine adjustment with millimeter precision makes it easy to mount the displays with perfect alignment. No special tools are necessary.

**Warranty:** 5 years.

## ▲ ABOUT THE PRODUCT

- Video wall freestanding for displays in landscape mode. From 2x2, 3x3 or 4x4 displays, depending on article number.
- Developed for the leading displays on the market with dimensions 46" or 55".

## ▲ FINE ADJUSTMENT

All four corners of the displays can be finely adjusted with millimeter precision – no special tools required!

## ▲ LOCKING

Each module can be locked with screws (included) or a padlock (not included) to increase public safety and reduce risk of theft.

Creating a video wall without a wall? Yes!  
SMS Icon Ace Freestanding, a modular freestanding video wall – for events, retail and corporate.

SMS Icon Ace Freestanding gives you a stable and reliable video wall – where there is no wall! Thanks to the extensive factory pre-assembly it is easy to install.

The product has fine adjustment possibilities in depth for each display – in all four corners.

Choose article number after display size, 46" or 55", and after how many displays you need for your freestanding video wall: 2x2, 3x3, or as many as 4x4 displays. Of course it is also possible to mount

several SMS Icon Ace Freestanding side by side to create an extra long video wall!

The displays are mounted in landscape mode. They can be secured with screws (included) or locked with padlocks (not included), to increase personal security and safety from theft. The base of the Freestanding can be bolted to the floor if required, and cover plates are available as an accessory (ordered separately).

## ▲ QUESTIONS AND ANSWERS:

### How do I order?

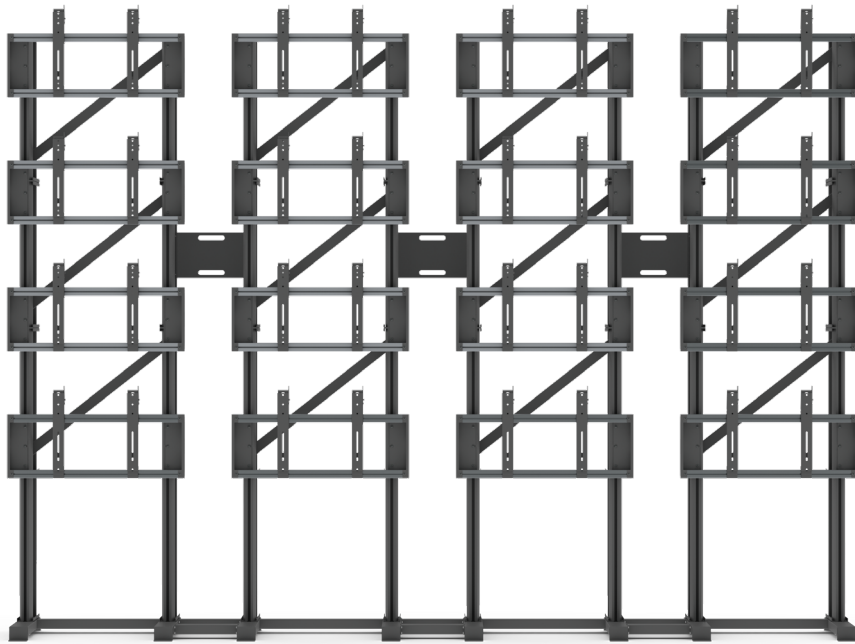

– Depending on your display size, 46" or 55", choose the configuration, for 2x2, 3x3 or 4x4 displays.

### What about the adjustment of the displays?

– Fine adjustment is indeed possible - all four corners of the displays can be separately adjusted and the height and width can be adjusted with millimeter precision. All this without requiring special tools!

### Is it possible to secure the displays?

– Yes! Each module can be locked, with screws (included) or with padlocks (not included). This increases public safety and reduces the risk of theft. Furthermore, it is possible to bolt the freestanding to the floor.
