

SMS ICON ACE MOBILE 3x3

Roll out your message!
SMS Icon Ace Mobile 3x3, a mobile video wall solution for indoor digital signage.

SMS Icon Ace Mobile 3x3 is the perfect choice for a mobile videowall - for events, retail or corporate. It is stable, reliable and easy to install, thanks to the extensive factory pre-assembly.

It is easy to align the displays exactly, all four corners of the displays can be finely adjusted.

The SMS Icon Ace Mobile 3x3 comes equipped with sturdy wheels, and the product is easy to move around thanks to

handles on the sides.

The displays are mounted in landscape mode and can be secured with screws (included) or locked with padlocks (not included). This will increase public safety and reduce the risk of theft.

Cover plates are available as an accessory (ordered separately. Please contact info@smartmediasolutions.se for more information).

▲ QUESTIONS AND ANSWERS:

Is it possible to adjust the displays after they have been mounted?

– Fine adjustment is indeed possible - all four corners of the displays can be individually fine tuned, and the height and width can be adjusted with millimeter precision. All this without requiring special tools!

Is it possible to secure the displays?

– Yes! Each module can be locked, with screws (included) or with padlocks (not included). This will increase public safety and reduce the risk of theft.
